Thanks Adeena,

I'll reserve our conference room for the 30th. We can accommodate up to 8 people comfortably in our conference room. I asked Chris Serrano to join us.

Hi,

Your office is just fine for me. I think Adam had an idea for one other person who had been actively working on the garbage can situation I think?

But agree with your vision that we want people who are open to looking at this as a way to lay out all the issues and then to try to truly address the issues from a systems scale level and see if there are ways to coordinate the various items and bring in outside resources etc. Of course we always want to hear peoples concerns etc but that is not what this meeting would be about.

Just send me the address and Adam and I will be there at 1:00pm on Friday Sept. 30th.

Best,
Adeena

Would love that. September 30th sounds good. I'm supposed to close an escrow that morning so all should be fine. I'll get back to you about possible 1 or 2 others...I need to think about it to see who can be instrumental and not meet to just complain. We could meet at my office in Los Feliz as we have a large conference room or I can see if we can meet at our new BID meeting location at the Church. Thoughts?

Rafik,

Would love for you, me and Adam to get together and talk overall picture and brainstorm on types of things that can be done to address the variety of community concerns that we discussed the other day on the phone.

How does Friday September 30th look for you about 1PM or so? We can meet at the Hollywood District office of somewhere in Los Feliz. Let us know. If this date doesn't work we will find another time the week of October 2nd.

Looking forward to a fruitful conversation.
Please keep in mind that if there are 1 or 2 others you think should be part of the brainstorming that we are happy to have more positive voices.

Best,
Adeena
